TARS WILL PLAY TOWN

Association Football at Makiki Today.

NEW LEAGUE'S RULES

Right Wing's Comments on the Favorite Game of Athletic Englishmen.

The match on Christmas Day between Scotland and the Icarus crew drew the largest crowd to Makiki that has yet attended the Association game. The play throughout was very fast and of a highly interesting character, resulting in a victory for the sailors by two goals to one.

This afternoon the Icarus team is pitted against the full strength of Honolulu. The town eleven were selected at a meeting of the Hawaiian Association Football League on Wednesday and are as follows:

Forwards, Smithies, Bottomley, Davies, Blackman, M. Andersen, halves, D. Andersen, Stokes, Parish; backs, Soper, McGill; goal, Fenwick.

Mr. Cockburn was appointed referee and Mr. Fiddes linesman. General satisfaction has been expressed upon the above team, which is probably fully representative of the League. Although there may be players as capable as some of the above, the great aim which was kept in sight while selecting the team was to put in the field the strongest possible combination and at the same time to make the eleven as representative of the various teams as possible.

In the case, therefore, of two players of equal merit choice was given to the one whose club had the smaller number of members taking part in the match.

We are glad to see Bottomley among the forwards. He plays with plenty of determination and possesses that dash which is needed in a forward. The attack of both the English and Scottish teams at present is not nearly aggressive enough to play an effective game. The five forwards who play today, however, all possess persistency, and their attack is expected to prove equal to the occasion.

The ball which is to be used this afternoon has been provided by the generosity of the Hon. W. R. Hoare.

The series of contests which is to decide the local championship of the Association Clubs begins next Saturday. The first match down for decision is England vs. Scotland, and a very even game is expected. A great deal of difficulty is being experienced in obtaining nets for the goals, but it is hoped that everything will be ready by the first League match.

The following is the complete text of the rules governing the Association League. Club members would do well to cut them out and preserve them for future reference:

RULES OF THE HAWAIIAN ASSOCIATION FOOTBALL LEAGUE.

1—This league shall be called the Hawaiian Association Football League.
2—The object of the league shall be to decide the championship among the local Association football clubs and to settle all matters of dispute which may arise among the said clubs.

3—The officers of the league shall be: President, vice president, secretary and treasurer. The committee of management shall consist of the captain and secretary of each competing club, from whom the above officers shall be elected. The president shall take the chair at all meetings of the league and in his absence the meeting shall appoint a chairman. The chairman shall have both a casting and a deliberative vote.
4—At the annual meeting of the league a list of match fixtures to decide the ensuing season's championship shall be drawn up; each club to play each other twice.

5—The referee for all league matches shall be appointed by the league.

6—Any appeal whatsoever must be made the same day in writing by the secretary of the club on the instruction of his committee to the league secretary who must within three days lay the matter before the league.

8—The decision of the league must be accepted as final.

9—Any player for unsportsmanlike behavior, after due warning, shall be ordered from the field by the referee, who must as soon as possible report his action in writing to the league. The league shall have power to suspend such player from league matches for a such time as it sees fit.

10—The president, vice president and secretary shall form a finance committee.

11—The finance committee shall be empowered to purchase necessary material.

12—The finance committee shall not in one season involve expense exceeding \$40 without the consent of the league clubs.

13—The expenses for the ensuing season shall be divided among the clubs in the following proportion: England and Scotland each three-eighths; Iolani United two-eighths.

14—The ball for all league matches shall be provided by the league.

15—Monday, Wednesday and Thursday at the drill shed at 5 o'clock shall be the authorized league practice evenings when a ball shall be supplied by the league.

16—No player shall be allowed in league matches to play for more than one club.

17—Before the commencement of the league matches the secretary of each club shall send to the league secretary a list of the members of his club. None shall be eligible to play in league matches except his name be thus registered, unless the secretary of his club shall notify to the league secretary in writing three days before a match that such person is a bona fide member of the club and intends to become a resident of the Hawaiian Islands.

18—Those clubs which take part in the league competition shall be termed senior clubs. All other clubs affiliated with the league shall be termed junior clubs.

19—Application for affiliation with the league shall be made to the league secretary. There shall be no charge for affiliation.

20—In league matches two points shall be gained for a win and one for a draw. Losses to be ignored. The winners of most points shall be champion for the season. In the event of clubs tying for the championship the championship shall be decided by a replay among the tying clubs.

21—The president shall convene such meetings of the league as he may deem necessary. Notice of all meetings to be given by the league secretary three days previous to such meeting.

22—On receiving a requisition signed

by at least half the league committee the secretary shall be bound to call a meeting.

23—No rule can be altered, added or rescinded except at the annual meeting of the league in October.

The league officers for the current season are:

President—Mr. L. G. Blackman.

Vice President—Mr. R. Anderson.

Secretary and Treasurer—Mr. Pihila.

Committee—Messrs. J. Cockburn, L. RIGHT WING.

SYNOD POSTPONED.

Bishop Willis has Received a new Light on Diocesan Difficulty.

By order of Bishop Willis, the meeting of the Anglican Synod has been postponed until further notice. Letters in yesterday's mail apprised the diocese and members of the clergy of the Bishop's pleasure in the matter. It is not now known when the meeting will be held, but it will probably be some weeks in the future.

The session was to have been held for the purpose of discussing certain provisions of the charter in regard to the transfer to the American church. For one thing, the charter provides that the English prayer book shall be used, which, under the American system, would be impossible. Considerable property is also involved, it being now in the hands of twelve trustees, who cannot let go of it until there is some one to receive it. In his letter Bishop Willis says the postponement is on account of further light he has received in the matter. The illumination referred to is from the American Bishop in Vermont. The following is the letter of postponement:

"To the Clergymen and Synodsmen of the Diocese of Honolulu.

"My Dear Brethren: Since asking for your attendance at an extraordinary session of the Synod on January 7, 1901, new light has been thrown on the situation from which it becomes evident that it would be premature to come to a decision immediately on the principal matter I had to lay before you. As the position becomes better understood, I shall be able to consult with you on a surer foundation than that on which I had supposed action could be based. I therefore postpone the meeting of the Synod to a future day of which due notice will be given. Yours very faithfully,

"ALFRED HONOLULU."

Honolulu, December 25, 1900.

Somewhat more formal is the letter of some two months ago, calling the session of the diocese, which runs as follows:

"Alfred, by Divine permission, Bishop of Honolulu to our beloved in Christ, Henry Smith, Synodsmen.

"Greeting: We do by these presents cite you to the third session of the Fifth Diocesan Synod, which we convene in the Cathedral church of Honolulu on Monday, the 7th day of January, 1901.

"Given under our hand and seal this 29th day of September in the year of our Lord, 1900.

"ALFRED HONOLULU."

CITY CHARTER

MEN AT WORK

No City and County Combined

—Boundaries Roughly Defined.

The regular meeting of the Republican charter committee was scheduled for last night but the Coptic and the Pacific Heights fire combined, with the usual holiday relaxation, made it hard to secure a quorum. There being no rule to the contrary, the chair held that sixteen were necessary for a quorum, and an informal meeting was in progress when the entrance of two members made a total of seventeen present, and regular business was taken up.

To avoid further difficulty, on motion of A. V. Gear, twelve was made a quorum for future meetings.

Each sub-committee "reported progress," and the general committee adjourned.

The only matters of importance brought up were that the committee on draft—or at least a majority—would report against a combined city and county government and that they would confine themselves to a city charter for that part of the District of Kona included between Moanalua and some place around Diamond Head, going nearly to the Nuuanu Pali.

W. O. Smith, T. McCants Stewart and J. G. Pratt of the sub-committee on draft were absent, and Geo. A. Davis reporting for the committee said the intention was to take in as much taxable property as possible, but that to take in the whole island of Oahu would be impracticable, as the area exceeded that of London.

A. V. Gear of the same sub-committee reported that they would probably need from \$500 to \$1,200 for hire of typewriter, clerks, etc.

Clarence M. White, who has been ill, was present for the first time, and Geo. A. Davis made several attempts to get him placed on some of the sub-committees, but J. L. Kaulukou wanted to adjourn and he finally carried the day.

All the sub-committees are earnestly at work and all promised to have reports of importance ready for the next meeting, which will be next week Friday evening.
